

# Restoration Recovery Center

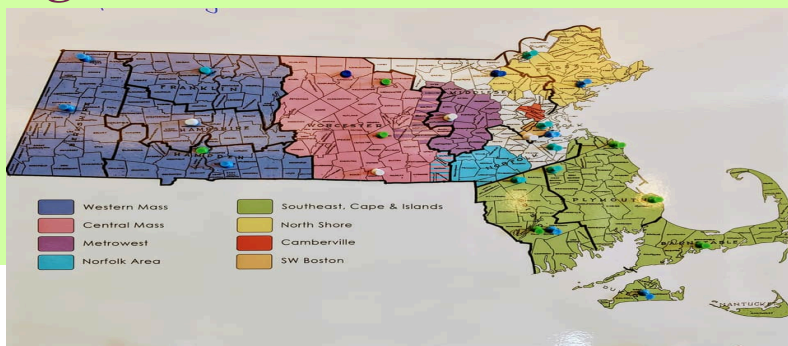

## OUR MISSION

*Respond to people seeking recovery using a person-centered approach promoting long-term recovery by providing an affirming, safe and compassionate community peer support recovery center.*

From Sober Paint nights, to Sober Music Jams, from working on resumes to working on social media projects for the Center, from Fitchburg State University Nursing Students to AIDS Project Worcester, people come together in the Center to support

Restoration Recovery Center is grateful for funding received from the Community Foundation of North Central Massachusetts.

The Community Foundation is committed to meeting the needs of our communities. Recognizing how important our work is, they have partnered with us and provided partial funding for the Recovery Coach Academy.

RRC would also like to extend a huge thank you to **The Center for Health Impact** who facilitated RRC's first Recovery Coach Academy and adjuncts necessary to obtain Certification on the State of Massachusetts in October, November and September. RRC and the Center for Health Impact will be running another Recovery Coach Academy and adjuncts from January to March, 2020.

[Restoration Recovery Center, Inc.](#)

Parenting /Lifeskills and Relapse Prevention classes are hands on learning opportunities to create life long sustained recovery.

While we will operate via a variety of funding sources, one of the most important sources will be people like you who care about their community and their neighbors.

Please consider making a contribution to our efforts at restoring what has been broken.

RRC would also like to express our gratitude to *the Reliant Foundation* for awarding a Grant to assist with General Operations of Restoration Recovery Center in bringing much needed support in the community.
